

La Reserva de Sotogrande

La Reserva de Sotogrande is located just 30 minutes from Marbella and 10 minutes from Gibraltar, in a secure and relaxing retreat covering over 500 hectares of land at the top of the Sotogrande estate, with access being gained via two gated entrances. Sotogrande has been developed with a plan in mind, offering modern and environmentally friendly infrastructure, wide landscaped roads and pedestrian routes, all this while being encompassed by an Cabell Robinson designed 18 hole golf course. The 6,950 metre long course boasts spectacular greens and four impressive lakes, while a second 18 hole 'signature course' designed by the renowned golfer, Gary Player is being planned.

The new 6,000m² Clubhouse set at the top of a hill, provides breathtaking views of the La Reserva de Sotogrande Golf Course for both its members and friends alike. The Clubhouse is styled on an Andalusian Cortijo, but offers members and guests top quality facilities such as restaurants, a pro shop, dressing rooms, driving ranges and excellent service from a team of professional staff.

La Reserva de Sotogrande is situated at the base of the 'Sierra de Almenara' and offers a wide range of plots of land. These plots vary in size between 2,500m² and 4,000m², many of which are frontline golf. The self-build villa plots at La Reserva de Sotogrande are well sheltered, despite their elevated position and boast views over the course, lakes, Sotogrande and the Mediterranean Sea beyond. A fantastic 25% build allowance is offered to purchasers.

Prices start from around 350,000 Euros for a 2,500m² plot.
