## Monte Mayor Golf & Country Club

### Monte Mayor Golf & Country Club

Monte Mayor is one of the most affordable private Golf and Country Clubs on the Costa del Sol and stands alone due to its competitive prices. This is a special piece of natural paradise located in the lush Andalusian countryside, which is a place to be discovered by the discerning few. Space prevails throughout Monte Mayor, which is an exceptionally low-density project which consists of traditional townhouses and undeveloped plots for self-build villas meaning that Monte Mayor Plots and Monte Mayor Villas are perfect for the buyer looking for something private and peaceful.

The traditional Andalusian villages of Cancelada and Benahavis border either side of the Country Club with their range of restaurants, shops and generous dose of regular Spanish festivities. The glamorous marina of Puerto Banus & the cosmopolitan town of Marbella are just a short drive away, and furthermore, the historic cities of Seville, Cordoba, Granada and the world class skiing resort of Sierra Nevada are just a few hours by car.

All plots offer sea, golf, lake or mountain views or a combination thereof, together with all the necessary accesses and services: roads, illumination, infrastructure for the supply of water, sanitation & electricity. The plots also have licences for immediate construction of new Villas and prices start from just 250,000 Euros. No neighbour steals the views, privacy or sunshine from another and that is how Monte Mayor will remain. As well as property, the project encompasses everything the fortunate purchaser could desire. The 900 acre private Monte Mayor Golf and Country Club experience involves a luxury Clubhouse, fine dining, a horse riding centre, spa facilities, nature trails, shops, tennis club, helicopter pad & a challenging 18 hole golf course, all of which sit conveniently on your doorstep.
